

# Don't miss the opportunity to join The IBUS 2020 Course!!

The **IBUS 2020 Multimodality Breast Imaging Course** will be held in Athens Greece, at **IASO HOSPITAL**, from

**June 11th - 13th, 2020.**

The **IBUS Course** is an intensive three-day teaching programme with theoretical and practical topics covering all forms of breast imaging.

The **International and Local Faculty** consists of imaging and breast disease experts selected to demonstrate the optimum utilization of imaging modalities for the detection and diagnosis of malignant and benign conditions using high resolution ultrasound, X-ray mammography and magnetic resonance imaging.

The Course is suitable for clinicians and allied health professionals with basic and advanced knowledge. The Scientific Program consists of **lectures, interactive case studies** and **practical "hands-on" workshop sessions.**
