

Veebipõhised loengud lasteradioloogias

ESPR (European Society of Pediatric Radiology)

Loengud tasuta, mõeldud nii ESPR liikmetele kui ka mitteliikmetele.

Loengud algavad Eesti aja järgi kell 19:00.

Rohkem infot ja viited registreerimiseks: www.espr.org ja <https://www.espr.org/education/>

Toimumine	Teema	Ettekandja	Registr. alates
T 07.07.2020	Congenital malformations of the esophagus, perinatal imaging and care.	Fred Avni, Brussels/BE.	30.06
T 21.07.2020	Imaging of lymphoreticular disorders.	Rutger Jan Nieuwstein, Utrecht/NL.	14.07
T 08.09.2020	Bone Fractures: Clues for and against an underlying disease.	Bone Fractures: Clues for and against an underlying disease.	01.09

APDR (Association of Program Directors in Radiology)

APDR National Noon Conferences (<https://www.apdr.org/>)

Täielik radioloogia prgoramm (milles mh lasteradioloogia teemad): https://www.apdr.org/-/media/Files/APDR/Document-Library/Home/APDR_Noon_Conference_v4.ashx?la=en&hash=53EF06787C3ABEC1F2F9F4DF6ACC0B3A0B32687E

Loengud toimuvad Zoomi keskkonnas, algavad Eesti aja järgi kell 19:00.

Vajalik registreerumine :

https://zoom.us/webinar/register/WN_oOSccvSLQpOGp3uaSQzDLw

Veebiloengud postitatakse Youtube kanalisse järelvaatamiseks.

https://www.youtube.com/channel/UCirjQnIMTgPFZtms18_KCAA

Toimumine	Teema	Ettekandja
T 07.07	Open to Close: The Complex world of spinal	Neel Madan, MD Tufts

	dysraphism made simple	Medical Center
T 07.07	Intracranial Findings in Common Infectious Diseases in Children	M. Craig Morriss, MD UT Southwestern
N 23.07	Imaging Non-traumatic Pediatric GU Emergencies	Nancy R. Fefferman, MD NYU Grossman SOM
N 23.07	Benign Pediatric Bone Lesions	Narendra (Nar) Shet, MD Children's National Hospital (DC)

Varasemad loengud leitavad Youtubest APDR kanalil

https://www.youtube.com/channel/UCirjQnIMTgPFZtms18_KCAA

- Imaging children with abdominal pain. Mike Gee, MD, PhD Massachusetts General Hospital
- Neonatal chest diseases - the fundamentals. Teresa (Tess) Chapman, MD, MA University of Washington; Seattle Children's Hospital
- Solid abdominal tumors in children. Anastasia Hryhorczuk, MD University of Michigan
- Pediatric Foot Alignment, Mahesh M. Thapa, MD Seattle Children's

ASPN (American Society of Pediatric Neuroradiology)

Vajalik eelregistreerimine, mis leitav:

<https://asprn.org/awards/international-pediatric-neuroradiology-teaching-network/>

Registreerimine on pikem protsess, vajalik nt pilt töötöendist, kuid on ühekordne.

Algus Eesti aja järgi kell 19:00.

Toimumine	
L 04.07	My Most Memorable Cases, Manohar Shroff, MD, The Hospital for Sick Children, Toronto, Ontario
L 11.07	Spinal Tumors, Tina Young Poussaint, MD, Boston Children's Hospital, Massachusetts, USA
L 18.07	Metabolic Disorders, Zoltan Patay, MD, PhD, St. Jude Children's Research Hospital, Tennessee, USA
L 25.07	Hypomyelination, Nicole Wolf, MD, PhD, VU University Medical Center, Amsterdam, NL
L 01.08	Head and Neck Masses, Felice D'Arco, MD, Great Ormond Street Hospital for Children, London, UK
L 08.08	Fetal MRI: The Ganglionic Eminences, Andrea Righini, MD, Children's Hospital V Buzzi, Milan, Italy
L 15.08	Orbits, Caroline Robson, MBChB, Boston Children's Hospital, Massachusetts, USA

L 22.08	Brachial Plexus, Jonathan Samet, MD / Alok Jaju, MD, Ann & Robert H. Lurie Children's Hospital of Chicago, Illinois, USA
L 29.08	Stroke, Nicholas V. Stence, MD, Children's Hospital Colorado, Colorado, USA
L 05.09	Neurovascular Intervention, Prakash Muthusami, MBBS, MD, PDCC, The Hospital for Sick Children, Toronto, Ontario
L 12.09	Pituitary, Maria I. Argyropoulou, MD, University of Ioannina, Greece
L 19.09	Neonatal Encephalopathy – Beyond HIE, Bruno P. Soares, MD, University of Vermont Medical Center, Vermont, USA
L 26.09	Neuroinflammation in 2020 AD, Kshitij (Kish) Mankad, MBBS, MRCP, FRCR, Great Ormond Street Hospital for Children, London, UK

EPOS (European Paediatric Orthopaedic Society)

Info ja registreerimine: <https://www.epos.org/e-events>

Loengu algus: 19:00.

Toimumine	Teema
K 22.07.20	Sports: Osteochondritis Dissecans
E 31.08.20	Osteochondritis Dissecans
K 30.09.20	Spine: Why and when considering surgery in Early Onset Scoliosis?
K 14.10.20	Metabolic Diseases: Genetic and metabolic diseases in pediatric orthopedics
K 11.11.20	Infection: Acute osteomyelitis: is puncture always required? Has COVID-19 pandemic changed our treatment protocol?
K 09.12.20	Cerebral Palsy: CP hip disease: surveillance and treatment
R 15.01.21	Lower Limb: X-linked hypophosphatemic rickets (XLH) : pediatric perspectives, clinical aspects and treatment options
